Historical participation agreement

Publication notice: 2 November 2026

This blank draft is not a current offer or an agreement to sign.
The following pages reproduce a historical blank template for reference.
Every source page is marked SAMPLE / NOT VALID. The historical text
does not describe the current certification scheme or VSO operations.

VSO is operated by VeritasChain Co., Ltd. Historical wording such as
"independent standards body", "hereby certifies" or "PASS" must not be
read as a current assertion, an issued certificate or a legal conclusion.

Current specifications and disclosures:
https://github.com/veritaschain/vcp-spec
https://veritaschain.org/certified/cab/

The original editable file is removed from the current repository tree.
Earlier Git commits, clones and downloaded copies may still contain it.
This publication change does not rewrite Git history.

VeritasChain Standards Organization (VSO)

Encoding Trust in the Algorithmic Age

Early Adopter Program

Participation Agreement

Document ID	VSO-EA-AGREE-v1.0
Version	1.0
Date	[YYYY-MM-DD]
Status	DRAFT

Preamble

This Early Adopter Program Participation Agreement ("Agreement") is entered into by and between:

VeritasChain Standards Organization (VSO), an independent standards body headquartered in Tokyo, Japan; and

[Adopter Entity Name] ("Adopter"), collectively referred to as the "Parties".

Article 1: Purpose and Scope

1.1 Adopter agrees to participate in the VCP Early Adopter Program and implement VCP Silver Tier integration for the purpose of technical evaluation and internal testing.

1.2 VSO agrees to provide technical support during the integration process and to issue a VC-Certified Silver Tier Certificate (Provisional) upon successful completion of conformance verification.

1.3 This certification applies to the Pre-Production / Internal Evaluation environment only.

Article 2: Confidentiality

2.1 Adopter's corporate identity may remain anonymous at Adopter's election.

2.2 If Adopter elects anonymity, VSO may refer publicly to the Adopter only as: *"Anonymous Early Adopter #[N]"*

2.3 No additional identifying information (including jurisdiction, business sector, or trading volume) shall be disclosed without prior written consent from Adopter.

Article 3: Permitted Public Statements

3.1 Adopter grants VSO permission to publish the following statements:

(a) "One Early Adopter has completed VCP Silver Tier integration."

(b) A technical case study describing the integration architecture (excluding business or financial details).

(c) Aggregate statistics (e.g., "N firms have completed Silver Tier integration").

3.2 Any statements beyond the scope of Article 3.1 require written consent from Adopter.

Article 4: Deliverables

4.1 Deliverables from Adopter:

(a) Sample VCP log file containing 10-20 continuous events demonstrating hash chain integrity

(b) Sample Merkle proof retrieved from VCP Explorer API or equivalent

(c) Architecture diagram showing VCP integration point (Sidecar or Shadow logging)

(d) Completed Self-Assessment Checklist (VSO-CERT-SILVER-SAC-v1.0)

4.2 Deliverables from VSO:

(a) Technical support during integration via dedicated communication channel

(b) Validation of submitted artifacts against VCP v1.0 specification

(c) Issuance of VC-Certified Silver Tier Certificate (Provisional) upon successful verification

(d) Option to participate in joint technical publication (subject to mutual agreement)

Article 5: Non-Endorsement & Disclaimer

5.1 CRITICAL: VSO's certification confirms only technical conformance with VCP specification requirements.

5.2 VC-Certified certification does NOT constitute:

(a) An endorsement of Adopter's financial stability, solvency, or business continuity

(b) A guarantee of trading performance, profitability, or investment merit

(c) Certification of full regulatory compliance (MiFID II, EU AI Act, SEC regulations, etc.)

(d) An endorsement of any investment products, trading strategies, or financial services

5.3 VSO is not liable for any financial losses related to Adopter's business operations.

5.4 Adopter agrees not to use VSO certification marks in any manner that implies endorsement beyond technical conformance.

Article 6: Intellectual Property

6.1 VCP Specification, SDK, and related documentation remain the intellectual property of VSO, licensed under Apache 2.0.

6.2 Adopter's proprietary trading algorithms and business logic remain Adopter's exclusive intellectual property.

Article 7: Term and Termination

7.1 This Agreement is effective upon signature by both parties ("Effective Date").

7.2 VC-Certified Certificate (Provisional) is valid for one (1) year from Issue Date.

7.3 Either party may terminate this Agreement with thirty (30) days written notice.

7.4 Confidentiality obligations (Article 2) and Non-Endorsement provisions (Article 5) survive termination.

Article 8: Governing Law & Jurisdiction

8.1 This Agreement shall be governed by and construed in accordance with the laws of Japan.

8.2 Any disputes arising from this Agreement shall be subject to the exclusive jurisdiction of the Tokyo District Court.
